COMPANY DESCRIPTION

Ramsider is a technological company specializing in the development, manufacture, and integration of next-generation intelligent evaporation systems.

The company creates a full range of solutions – from devices and stations to mixtures, capsules and digital control, providing a professional standard of service for the HoReCa segment, franchising and premium locations.

Our products are already certified for international safety compliance.

IDEOLOGY OF SMOKING EXPERIENCES...

OUR SERVICES

RAMSIDER FRANCHISE

Ramsider Franchise is a ready-made business model with different partnership formats:

- **FRANCHISE DIY**

For lounges that run on their own mixtures & staff.

Ramsider hardware, software, and support.
Access to the MixLab database and the Digital Mind DIY system.

- **FRANCHISE PRO**

Work exclusively on Ramsider capsules & certified staff.

The partner receives hardware, software, and centralized supplies.
Full control and analytics through Digital Mind PRO.

- Exclusive regional partnership — discussed individually per market with the strongest partner

RAMSIDER CATERING

The full international turnkey service format.

Ramsider supplies stations, devices, capsules, consumables and its own trained staff.

- Complete quality and process control.
- Revenue share agreed individually with each partner
- Full service and technical support.
- Work in restaurants, lounges, hotels and clubs.
- The possibility of organizing temporary lounge areas and events.
- All points are connected to Ramsider Cloud.

How we work with venues:

the station remains RAMSIDER property;
we install, service and repair; revenue is shared.

Two ways of operating:

- ‘franchise’ — your staff run the service, our employee trains them and our supervisor oversees;
- ‘catering’ — our own staff handle the service in full.

PARTNER PERFORMANCE HIGHLIGHT

Nahaté, Dubai

An active RAMSIDER partner venue, generating USD 80,000-100,000 in monthly revenue from RAMSIDER hookah services alone.

SOFTWARE (RAMSIDER DIGITAL MIND)

Ramsider Digital Mind is an intelligent digital system that controls all Ramsider devices and stations.

It combines analytics, control, security and automation, providing adaption to any lounge or work format.

The system is available in two versions:

МИКСЫ

БРЕНДЫ

База

Воск

Крепись

Ввод в режим запуска
сессии с алгоритма

АЛГОРИТМЫ

ПРИМЕНИТЬ

DIGITAL MIND PRO

- It works exclusively with branded Ramsider capsules, each encoded with a unique QR that activates the proprietary control algorithm.
- Fully closed architecture, data protection and remote administration.
- Full control of all processes and statistics in real time.
- Updates and analytics are centralized via Ramsider Cloud.
- It is intended for franchise partners and network establishments, including venues that prefer not to employ a hookah master and want the service to be handled by regular staff.
